Cranleigh is a specialist school for students with a disability and complex support needs. Placement follows a consultative process involving parents, school and Education Support Office

Our students have significant intellectual disabilities and many of our students have autism as well. We have a total of 95 students.

Our focus for our students is to develop independence through individualised learning plans. We are strongly committed to providing all children with a voice through a range of communication approaches. We have a wide range of specialist programs and facilities to enhance the learning programs which are developed in partnership with the families.
