PRINCIPAL'S MESSAGE

At Evatt we have a strong belief that we achieve the very best for all our students when we work in partnership with our parents, carers and the community. At Evatt, we have high expectations that promote both

students' academic achievement and wellbeing. Our commitment to building 'A Community United' is harnessed through our Family Connect framework. Family Connect is a community initiative located at our school. It aims to increase outcomes for children and their families by bringing together early years learning, education, wrap-around health and community all being centrally coordinated from Evatt Primary School

FAMILY CONNECT

Family Connect recognises the benefits of schools, families and communities working together in collaboration to support children to thrive.

Family Connect will oversee and coordinate health and community services, aiming to provide holistic support to children and families. In addition, we will be running a series of enrichment and recreational programs aimed at improving community outcomes.

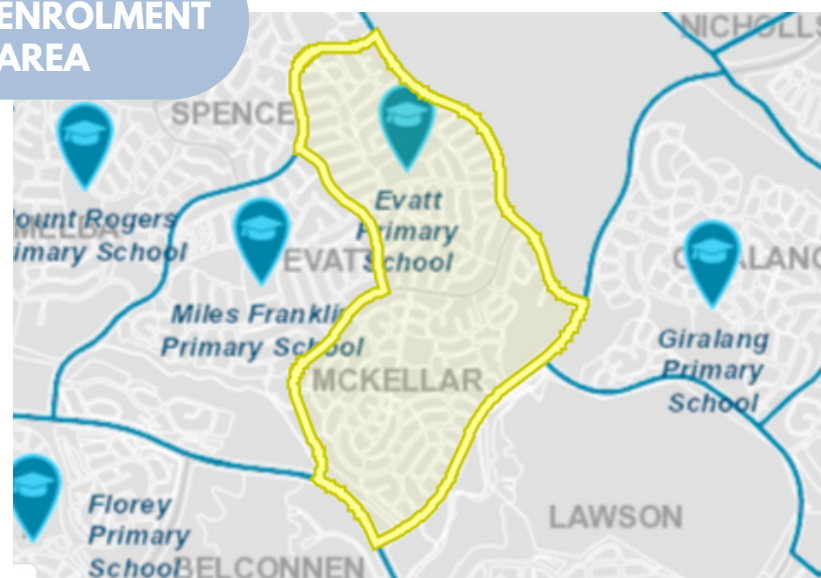

We are currently supporting families living in the suburbs of Evatt & McKellar. While based out of Evatt Primary, all families who live in these suburbs are welcome and encouraged to access the supports, activities and services provided through Family Connect.
