## PRINCIPAL'S MESSAGE

The Florey community is made up of a diverse range of nationalities and backgrounds. The multicultural nature of the school (45% EAL/D students) provides opportunities for interaction amongst students from more than 57 different countries.

At Florey, we value cultural diversity and develop differentiated teaching and learning programs which enable all students to feel successful and supported in an inclusive environment. As a community we promote the values of respect, tolerance & inclusion and excellence. Classroom teachers provide targeted programs with explicit instruction. Specialist teachers are employed to teach individual students and differentiated groups. Quality teachers providing quality learning is a key aspect of our schools philosophy. As such, coaching and mentoring, combined with a professional learning community approach to sharing ideas, strategies and resources continues to improve the quality of teacher pedagogy. **Meegan Stuart, Principal**
