## PRINCIPAL'S MESSAGE

Kingsford Smith school has many activities and vibrant learning opportunities occurring across the school all the time for our students regardless of their stage of learning. We have teaching expertise across our school in our languages program from preschool all the way up to our

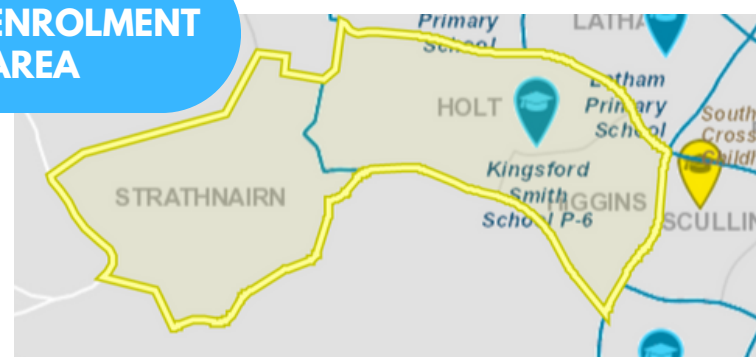

secondary students, particularly focused on Mandarin. We have a specialist focus on Science, Technology, Engineering, Arts (Design) and Mathematics (STEAM) through specialist teachers across our school. Our school has a very strong arts program with a major focus being on the performing arts. We currently have five school bands, a separate primary and secondary choir who often perform as a combined school choir, as well as a number of specialist music teachers across the school. **Paul Branson, School principal**

## KOORI PRESCHOOL

The Koori preschool program provides children who identify as Aboriginal and/or Torres Strait Islander to learn aspects of their culture through a play based program. Children participate in early literacy and numeracy learning as well as opportunities to develop oral language skills.
