

Online Safety for Children

Awareness, Risks & Support

✓ Child-friendly

✓ In-person or **Online**

What parents and carers need to know

Join this workshop to explore the online world your children experience every day and discuss how to create a safer digital environment for them. Hear information from the Australian Federal Police ThinkUKnow and the eSafety Commission on keeping kids safe online.

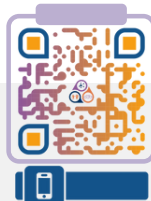

What to Expect

- ✓ What children see, say and do online – and why it matters
- ✓ Practical tips to create a safer digital space at home
- ✓ Common online dangers like grooming, sexual extortion, and unsafe messages
- ✓ Useful resources & information packs for in-person attendees
- ✓ Enjoy refreshments & a relaxed chat with presenters after the session
